

## FANI M. CHATZOPOULOU

MAIL: [FCHATZOP@AUTH.GR](mailto:FCHATZOP@AUTH.GR)  
ADDRESS: THESSALONIKI, GREECE 57010

### EDUCATION

<b>Ph.D.</b> Aristotle University of Thessaloniki (AUTH), Greece, School of Medicine <i>Doctorate thesis</i>	2019
<b>Specialization Program</b> University of Macedonia in Thessaloniki, Greece <i>Administration and Financial Management of Health Services Units</i>	2011
<b>M.Sc.</b> AUTH, School of Biology <i>Applied Genetics and Biotechnology</i>	2007
<b>B.Sc.</b> AUTH, School of Biology <i>Diploma in Biology</i>	2004

### FELLOWSHIPS AND RESEARCH AWARDS

GEnetic Syntax Score (GESS) Trial	2018-present
Influenza laboratory testing in Northern Greece	2009-2011
Grant TERPMED	2009
Grant EU-SOL	2007-2009
Grant Pythagoras	2005-2007

### TEACHING EXPERIENCE

Academic Scholar of the Department of Biomedical Sciences, School of Health Sciences, International Hellenic University	2019-present
Training Program for Teachers of the School of Medicine of AUTH	2017-2018
Scientific fellow in Laboratory of Microbiology, School of Medicine, AUTH	2010-present
Institute of Vocational Training (adult vocational education and training at the post-secondary education level)	2009-2010

### WORK EXPERIENCE

Scientific Director, Molecular Biology Unit, Diagnostic Laboratories “Labnet Medical SA”	2015-present
Scientific Director, in “D. Kirmizis and SIA Enterprise” – Laboratories of Biomedical Research and Development “BioProbe”	2010-2015

### PUBLICATIONS

**32 Publications in Peer Reviewed Journals with total 5-year IF: 83,61; 210 Citations (Scopus); h-index: 8 (3 selected)**

- Towards analyzing the potential of exosomes to deliver microRNA therapeutics. Giassafaki L.N., Siqueira S., Panteris E., Psatha K., Chatzopoulou F., [...] (2021) *Journal of Cellular Physiology* 236(2):1529-1544.
- Clonal outbreak caused by VIM-4-producing *Proteus mirabilis* in a tertiary care Greek hospital. Protonotariou E., [...], Chatzopoulou F., [...] (2020) *International Journal of Antimicrobial Agents* 56(2):106060.
- Identification of complement-related host genetic risk factors associated with influenza A(H1N1)pdm09 outcome: challenges ahead. Chatzopoulou, F., [...] (2019) *Medical Microbiology and Immunology* 208(5):631-640.

**2 Book Chapters**

**2 Preprints**

### REVIEWER IN PEER REVIEW JOURNALS

Reviewer in 6 Journals [*International Journal of Molecular Sciences (MDPI)*, *Frontiers in Microbiology (Frontiers)*, *Viruses (MDPI)*, *MetaGene (Elsevier)*, *Biomarkers in Medicine (Future Medicine)*, *Archives of Clinical Microbiology*]

### INTERNATIONAL AND NATIONAL SCIENTIFIC CONFERENCES AND WORKSHOPS

Participation in 62 scientific meetings with more than 36 presentations

### INVITED SPEAKER IN SCIENTIFIC MEETINGS

Contribution to 2 scientific meetings

### MEMBER OF THE ORGANIZING/SCIENTIFIC COMMITTEES IN SCIENTIFIC MEETINGS

Contribution to 6 national scientific meetings

### MEMBER IN SCIENTIFIC SOCIETIES

Member in 5 international and national scientific societies

### MOLECULAR DATA SUBMITTED TO GENBANK

10 full genome sequences (*Klebsiella pn.*), one gene (EU482039), 1459 ESTs (FE535951-FE537409)

### LANGUAGES

Greek (Native); English (ECPE); German (Kleines Deutsches Sprachdiplom)
